Dog Ear Publishing, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.My five year old was getting ready to start kindergarten. He was so excited! That sounds ridiculous, and yet that is what has happened in our country during the first twelve years of the 21st Century. Our children live in a different world: college costs are skyrocketing, high college loans are the norm, and job prospects for recent college graduates are slim compared to last century. This book will provide your family with a common sense approach to the college bound process. This information will save you tens of thousands of dollars and better prepare your student for life beyond college. Parents must be involved. The time is now to learn how. Jason s specific advice is backed up with real life examples. Very informative! It is great to have the information in one place. Great information to deal with a rapidly changing educational climate. Jason Franklin has personally trained over 10,000 students for the ACT test. Approximately 95 of his students improve, on average, four composite points. His ACT online class has also been successful, assisting students throughout the country. His ACT work led to families asking him for help with applying to colleges. Thousands of families have attended Jason s seminars, learning how to lower the cost of college tens of thousands of dollars. Jason and his wife home school their six children. His oldest child took her first National ACT test in seventh grade and scored above...
