IMAGINE LIVING WITHOUT TYPE 2 DIABETES: DISCOVER A NATURAL ALTERNATIVE TO PHARMACEUTICALS

[DOWNLOAD PDF](#)

Paperback. Book Condition: New. Paperback. 101 pages. At last a simple, step-by-step guide to doing what many doctors thought impossible: reversing Type 2 Diabetes! The epidemic of obesity and bad eating habits in America has spawned an even worse condition: Type 2 Diabetes. This devastating condition affects 26 million and threatens 79 million Americans who have pre-diabetic symptoms and conditions. For years, a Type 2 diagnosis by a doctor meant fighting a losing battle to live free of the condition. But the doctors were wrong! The Three most Common Lies about Type 2 Diabetes 1. Diabetes can't be reversed. 2. Medications are the only thing available to manage your diabetes. 3. It's a waste of your time and money to attempt to reverse diabetes with natural therapy. But as this book demonstrates, it is possible to reverse Type 2 Diabetes. Get an early grip on turning back this nearly invisible life-threatening illness. Many pre-diabetics and Type 2 Diabetics don't realize they have diabetes until they go for a full physical examination with their doctor. The reason for this is simple: there are many symptoms that seem unrelated, but which are inter-related to the illness. The sooner you are diagnosed with diabetes, the better your chance is to avoid serious complications. Without early identification and treatment, you may be more at risk for developing cardiovascular disease, hypoglycemia, kidney failure, retinal damage, ketoacidosis, blindness, erectile dysfunction, gangrene, nerve damage, and even amputation of the feet. That being said, there are many symptoms that may point to diabetes. By taking the time to explore this list of symptoms, you might be able to pre-screen yourself for diabetes. See the Six Most Common Symptoms of Type 2 Diabetes on page 29. Don't live with the lies of the Pharmaceutical Industry, Food Manufacturers and the Medical Profession. This small guide...
