This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

The introvert/extrovert divide is the most fundamental dimension of personality. And at least a third of us are on the introverted side. Some of the world's most talented people are introverts. Without them we wouldn't have the Apple computer, the theory of relativity and Van Gogh's sunflowers. Yet extroverts have taken over. Perhaps rather than sitting back and asking people to speak up, managers and company leaders might lean forward and listen". (Megan Walsh, "The Times"). "Quiet...
