A Day without Pain (Paperback)

By Mel Pohl

Central Recovery Press, United States, 2011. Paperback. Book Condition: New. Revised, Updated ed.. 226 x 152 mm. Language: English . Brand New Book. Pain and its management (or mismanagement) is one of the most important and urgent issues facing society today. Millions are afflicted with pain and it is the most frequent reason Americans seek medical attention each year. According to research published in Pain Physician Journal (2006), 90 percent of people in the US receiving treatment for pain management are prescribed opiate medication. Of that number, 18 to 41 percent had opiate abuse/addiction problems. We also know that at least eighty billion dollars is spent for pain relief in the US each year -- a significant amount of that is for prescription medications. What is harder to quantify is the emotional cost to family systems when one or more members suffer with a chronic pain condition. More than 50 million people in the US suffer from long-lasting pain that persists for months or years. Twenty-two percent of primary care patients report being in pain; 83 million adults reveal that pain affects their participation in an activity; 4.5 million patients die in pain each year; and 26 percent of nursing...
