Devastated by the heinous murder of his two-year old son at the hands of a serial killer just a few years after losing his wife in a freak accident; the last thing David Boyd wants to do is strap on a guitar, though that has always been his avenue of escape during bad times. But he'd never dreamed he would experience times as bad as this. David; Guitarist, singer, and song writer for death-metal band CORPSE WHISPERER is, not surprisingly, inconsolable. As a result of the crushing loss, he finds himself consumed by thoughts and wishes; and anger over the family he feels he's been cheated out of. As he finally resorts to returning to the stage, the murders continue; the victims all death-metal performers and their families. Spread over a wide area, there appears to be no tie-in beyond the bands. The FBI Special Agent in charge of the case from the beginning works tirelessly to solve the case, offer David some closure, and see to it that the murderer gets what's coming to him. David is approached by a world famous psychic who claims she can contact his son; for a price. Desperate, and grasping at straws, David agrees. He soon discovers things are not as they seem. And neither is the psychic, who has her own motive for trying to reach the dead boy. The story of a father's love, which leads him to the brink of hell to avenge the death of his child.
