Therapeutic Feedback with the MMPI-2: A Positive Psychology Approach

By Levak, Richard W.; Siegel, Liza; Nichols, David S.

Routledge, 2011. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary:

"Therapists wishing to make an impact in helping their clients understand and resolve their problems need to be aware of the nature and extent of difficulties their client is experiencing. There is no better way to provide clients with a valuable perspective than to ask them directly through a self-report personality questionnaire like the MMPI-2. This book, Therapeutic Feedback with the MMPI-2: A Positive Psychology Approach by Drs. Levak, Siegel, and Nichols, with Dr. Stolberg, all notable experts on psychological assessment with the MMPI-2, and broad in clinical practice, is an excellent place to learn the client feedback method. I strongly recommend this book as a must-read for assessment psychologists." - James N. Butcher, Emeritus Professor, University of Minnesota, USA "The authors approach actuarial and clinical data with a fresh perspective that describes and interprets personality in client-centered terms. Until recently, feedback has been the forgotten stepchild of personality assessment with the MMPI-2. This work fills a glaring gap in MMPI-2 assessment and serves, not only as a guide to using feedback in a positive way, but also provides a remarkable example of the description of..."

Reviews

This created publication is wonderful. it absolutely was written extremely completely and beneficial. I discovered this publication from my dad and I encouraged this publication to discover.

-- Kristina Kshlerin DDS

If you need to add benefit, a must buy book. I am quite late in start reading this one, but better than never. I am happy to inform you that this is the best book I have read through during my own lifestyle and can be the best publication for at any time.

-- Mrs. Phoebe Schimmel
