Prophet Muhammad Leads the Nazarenes to Victory The book, Prophet Muhammad leads the Nazarenes to Victory, tells the story of how the Arab Prophet set the foundation for the Arab tribes in the Arabian Peninsula to unite and to spread out into an Islamic Empire. The religion of Islam is a true combination and a real reflection of the early Christianity of the Nazarenes - Ebionites understanding of monotheism. The book has in-depth research for the chronological revelation of the Qur'anic Call as related and compared to the early Judeo-Christianity of the Nazarenes Doctrine. The book is written to those intellectuals who believe in renewal, innovation and knowledge production that make the contemporary Arab mentality open to global intellectual, psychological, social and human interactions. The book is written also to those who believe that the Islamic Revelation is addressed to the human mind for it to comprehend and therefore to the human reason. The book opens the opportunity to people to learn and understand the religion of Islam in an atmosphere of respectfulness and openness.
