Discussions lead leaders and managers to deep understanding of the connection between theories and models, based on sound research, and practical implications, varied from business issues, situations, and cases, occurred in organizations quite often. Examples from real-world scenarios provide support to theoretical framework and set-up shift to new paradigm of making decision and creating solutions for improvement. Nine chapters of the book serve as a course of professional development for administrators, managers of all levels, and leaders performed in small business (both profit and non-profit), middle-sized firms, and global corporations. The book also serves as a Capstone course for graduate students purchasing their degree in leadership and management field. The purpose of the book is to provide guidance for business leaders how to run, manage, and operate in rapidly changed world through the waves of disruptions. Students may use the book as a foundation for the literature review for the study of their choice, find the most vulnerable issue for deeper investigation within their thesis or dissertation, refresh or up-date their memory about what they learned during entire course, prepared them to become executives. Unique context provided in examples and practical implications may assist...
