Accountability Office, 2008 OCLC Number: (OCoLC)277366092 Subject: United States -- Boundaries -- Management. Excerpt: . . . capabilities are to come together to form a block and how future blocks are to introduce more capabilities. Figure 3: SBInet Building Block Approach Surveillance system components Surveillance system Block 1 capability components C3I systems COP software C3I systems COP software Block 1 capability Future capability Future capability Source: GAO analysis of agency data from multiple sources. The approach used to design and develop SBInet system capabilities for each block includes such key activities as requirements development, system design, system acquisition and development, and testing. The approach, as explained by program officials and depicted in part in various documents, also includes various reviews, or decision points, to help ensure that these activities are being done properly and that the system meets user needs and requirements. These reviews are to be used in developing both the overall SBInet Block 1 capability and the COP software. Table 1 provides a high-level description of the major reviews that are to be performed in designing and developing the system prior to 10 deployment to the field and in the order that they occur. 10 The list of reviews is from the draft SBInet Systems Engineering Plan, dated February 12, 2008. The actual descriptions of the reviews are from other SBInet documents. Page 11 GAO-08-1086 SBInet Technology This item ships from La Vergne,TN. Paperback.
