Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1883 Excerpt: .generally, 1 think, used as meaning large building-wood. We want a term which will include wood used for any constructive purpose: such as for toys, cabinets, c. Perhaps the term log-wood, or wood in log, might answer, in contradistinction to firewood, which is not sold in logs. t First proposed by Draudt in his Die Ermittlung der Holzmatsen. If, now, we fell 1 per cent., we shall require altogether 2 sample-trees, distributed among the classes as follows: --As we cannot examine fractions of sample-trees, it is necessary to round off these figures, a procedure which will make no practical difference in the general result. We shall then get For 10-inch class. 1 sample-tree If wo had not already the full complement of trees, we might, by forming the 12 and 13-inch classes into one class, have made these classes together amount to 2 7, which, when...
