

Heidegger: A Very Short Introduction

By Michael Inwood

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Heidegger: A Very Short Introduction, Michael Inwood, Martin Heidegger (1889-1976) is probably the most divisive philosopher of the twentieth century. Considered by some to be the greatest charlatan ever to claim the title of 'philosopher', by some as an apologist for Nazism, he was also an acknowledged leader and central figure to many philosophers. Michael Inwood's lucid introduction to Heidegger's thought focuses on his most important work, 'Being and Time', and its major themes of existence in the world, inauthenticity, guilt, destiny, truth, and the nature of time. These themes are then reassessed in the light of Heidegger's later work, together with the extent of his philosophical importance and influence. This is an invaluable guide to the complex and voluminous thought of a major twentieth-century existentialist philosopher. **ABOUT THE SERIES:** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area.
