*The best publication i actually study. I actually have study and so i am confident that i am going to likely to study once more yet again later on. You will not sense monotony at at any moment of your respective time (that's what catalogs are for relating to if you ask me).*

Hume locates the origins of religion in emotion, particularly fear and the desire to control the future. He further argues that monotheism arises from competition between religions, as believers seek to distinguish their deities as superior to all rivals. The monotheist drive to dominate other beliefs, and to burnish the primitive, emotional core of religion under a veneer of theology, Hume concludes that this yields intolerance, intellectual dishonesty, and unnatural moral doctrines.
